News for Next Week

Reading

Next week we will continue our unit using Creepy Carrots. We will create a writing piece using Jasper, the main character, to write a summary of story events.

Math

We will continue to work on fluency of multiplication and division facts of 2,3 4, 5, 9, and 10 and using these facts in word problems. Toward the end of the week, we should wrap up the chapter.

Science

There will be a test over Unit 1 on Wednesday over force and motion. We will review on Tuesday and complete a study guide. Students need to use the vocabulary from the unit and study guide to prepare for the test.

Reminders

Language Arts

As the students are working on their narrative, we will begin the process of editing by using proofreading to determine how to make our writing better.

Social Studies: We will finish the chapter toward the end of the week over Lewis and Clark and look to have a test the following week.

Upcoming Events

- October 7: Mrs. Scott will be out of the classroom at meetings. Mr. St. John will be here as a substitute.
