

# NOVEMBER 8 NEWSLETTER

## FROM MRS. SCOTT

### NEXT WEEK

Reading: We will go back to our reading books to begin Bat Loves the Night. We will be researching information about bats to see how they are beneficial and how they act.

Math: There will be a test over unit 2 on Thursday. This will cover multiplication and division and applying fluency in word problems.

Unit 12 for spelling is a review week so we do not have new words.

### AND MORE!

Science: Unit 2 Chapter 2 will continue as we learn about variations and similarities in offspring from the same parents.

Social Studies: Next week we will finish the chapter about economy and spend the remainder of the week doing an interactive economy notebook.

Language Arts: We will have a short quiz over plural nouns on Tuesday and then work on a narrative Thanksgiving story.

### UPCOMING
